### AN ACT MAKING CERTAIN CHANGES IN THE PROCUREMENT LAWS.

*Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:*

1 SECTION 1. Section 22 of Chapter 7 of the General Laws, as appearing in the 2006 Official Edition, is hereby  
2 amended by adding at the end thereof the following subsections:—  
3 (21) A procurement officer may procure, without competition, equipment that serves a specialized need or  
4 specialized function; provided, however, that the procurement officer shall provide to the office of the inspector  
5 general a detailed statement of the reasons for the sole source procurement, including, but not limited to safety,  
6 specialized purpose, or function. Sole source procurements shall be clearly identified as such. No procurement  
7 officer shall award a contract based on specifications that limit competition by relying upon language based on a  
8 single manufacturer's specifications or promotional materials. No procurement officer shall use any specifications  
9 that utilize proprietary information unless such specifications are used for a sole source procurement.  
10 (22) A procurement officer may not utilize a sole source procurement by means of bidding out financing for an  
11 identified product or contractor, or for specifications that are limited to one product or one provider.

12 SECTION 2. Section 22B of said chapter 7, as so appearing, is hereby amended by adding at the end thereof the  
13 following paragraph:—  
14 The commissioner shall notify all cities and towns in the commonwealth when procurements are made on a  
15 statewide basis. The procurement officer shall consider the needs of cities and towns in making a procurement  
16 statewide and shall send to each city and town a statement of the reasons why he considers the procurement to be  
17 advantageous to the cities and towns. The procurement officer shall consider options on items and equipment to  
18 provide municipalities flexibility in utilizing procurements under this section.

19 SECTION 3. Section 7 of chapter 30B of the General Laws, as so appearing, is hereby amended by adding at the  
20 end thereof the following subsections:—  
21 (d) A procurement officer may procure, without competition, equipment that serves a specialized need or specialized  
22 function; provided, however, that the procurement officer shall provide to the office of the inspector general a  
23 detailed statement of the reasons for the sole source procurement including, but not limited to safety, specialized  
24 purpose, or function. Sole source procurements shall be clearly identified as such. No procurement officer shall  
25 award a contract based on specifications that limit competition by relying upon language based on a single  
26 manufacturer's specifications or promotional materials. No procurement officer shall use any specifications that

27 utilize proprietary information unless such specifications are used for a sole source procurement.  
28 (e) A procurement officer may not utilize a sole source procurement by means of bidding out financing for an  
29 identified product or contractor, or for specifications that are limited to one product or one provider.
