13 SECTION 4. Section 9 of chapter 40A of the General Laws, as so appearing, is hereby amended
14 by striking out the seventh paragraph and inserting in place thereof the following paragraph:—

15 “Open space residential development” means a residential development in which the
16 buildings and accessory uses are clustered together into one or more groups separated from
17 adjacent property and other groups within the development by intervening open land. An open
18 space residential development shall be permitted only on a plot of land of such minimum size as
19 a zoning ordinance or by-law may specify which is divided into building lots with dimensional
20 control, density and use restrictions of such building lots varying from those otherwise permitted
21 by the ordinance or by-law and open land. Such open land when added to the building lots shall
22 be at least equal in area to the land area required by the ordinance or by-law for the total number
23 of units or buildings contemplated in the development. Such open land may be situated to
24 promote and protect maximum solar access within the development. Such open land shall either
25 be conveyed to the city or town and accepted by it for park or open space use, or be conveyed to
26 a non-profit organization the principal purpose of which is the conservation of open space, or to
27 be conveyed to a corporation or trust owned or to be owned by the owners of lots or residential
28 units within the plot. If such a corporation or trust is utilized, ownership thereof shall pass with
29 conveyances of the lots or residential units. In any case where such land is not conveyed to the
30 city or town, a restriction enforceable by the city or town shall be recorded providing that such
31 land shall be kept in an open or natural state and not be built for residential use or developed for
32 accessory uses such as parking or roadway.
