

HOUSE No.

The Commonwealth of Massachusetts

PRESENTED BY:

Kay Khan

To the Honorable Senate and House of Representatives of the Commonwealth of Massachusetts in General Court assembled:

The undersigned legislators and/or citizens respectfully petition for the passage of the accompanying bill:

An Act to promote healthy school meals.

PETITION OF:

NAME:	DISTRICT/ADDRESS:
Kay Khan	11th Middlesex

The Commonwealth of Massachusetts

In the Year Two Thousand and Nine

AN ACT TO PROMOTE HEALTHY SCHOOL MEALS.

Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:

1 This law establishes a pilot program within the department of education to create an incentive for
2 schools to improve the nutrition of and amount of local Massachusetts-grown food in meals
3 served.

4 Background:

5 This law would lay the foundation for school wellness policy improvement and both school
6 incentives and accountability for wellness work, beginning with the nutrition of meals and a la
7 carte offerings. The goal is to increase the nutritional standard of and proportion of fresh, locally
8 grown food in meals served to public school students in schools participating in the National
9 School Lunch Program and School Breakfast.

10 Line item 7053-1909 appropriates the Commonwealth's match to cities and towns for federal
11 reimbursement of lunches to students.

12 *7053-1909 For reimbursements to cities and towns for partial assistance in the furnishing of*
13 *lunches to school children, including partial assistance in the furnishing of lunches to school*
14 *children as authorized by chapter 538 of the acts of 1951, and for supplementing funds allocated*
15 *for the special milk program; provided, that notwithstanding any general or special law to the*
16 *contrary, payments so authorized in the aggregate for partial assistance in the furnishing of*
17 *lunches to school children shall not exceed the required state revenue match contained in Public*
18 *Law 79-396, as amended, cited as the National School Lunch Act and in the regulations*
19 *implementing the act*

20

21 Section 1

22 Sec. 69 of the General Laws is hereby amended by inserting the following new section:

23 Section 10. Healthy School Meals Program

24 It is hereby established the **Pilot Rewards for Healthy School Meals Program**. The State
25 Department of Elementary and Secondary Education is authorized to expend in each fiscal year
26 an amount equal to (1) the money required pursuant to the matching requirements of federal laws
27 and shall disburse the same in accordance with said laws with (2) an additional ten cents per
28 lunch served in the prior school year as the rewards for awardees selected for the pilot Healthy
29 School Meals Program. Those schools eligible to apply for these awards are those under the
30 jurisdiction of any local or regional school district, the regional vocational-technical school
31 system or governing authority of an interdistrict magnet school that participates in the National
32 School Lunch Program and that applies to the State Department of Education Pilot Rewards for
33 Healthy School Meals Program, and is judged by the Massachusetts Department of Elementary
34 and Secondary Education as meeting criteria for a Healthy School Meals Program. In order to
35 qualify for rewards for Healthy School Meals Program, eligible schools must also have
36 committed to a written School Wellness Policy that complies with the standards set by Section
37 204 of the national Child Nutrition and WIC Reauthorization Act of 2004.

38 The Massachusetts Department of Elementary and Secondary Education, in consultation with the
39 Department of Public Health, will promulgate standards for school certification as Healthy
40 School Meals schools. The standards will include a) a minimum proportion of use of locally
41 grown fresh fruits and vegetables in season as part of school meals and a la carte offerings as
42 demonstrated in school food purchasing records; and b) meeting the nutrition standards for
43 school lunches, either by meeting the United States Department of Agriculture Healthier U.S.
44 Challenge award or by meeting the nutrition standards as delineated in the most recent Institute
45 of Medicine report on Nutrition Standards for School Lunches. The Department of Elementary
46 and Secondary Education will establish methods including on-site review to determine that
47 schools meet these criteria and are eligible to apply.

48 The Massachusetts Department of Elementary and Secondary Education shall prescribe the
49 manner and time of application by local or regional schools and school districts, the regional
50 vocational-technical school system, such governing authority for such funds, provided such
51 application shall include the certification that any funds received pursuant to subsection (a) of
52 this section shall be used for the purpose of purchasing foods for school meals, a la carte or
53 federally reimbursed school lunches. The State Board of Education shall determine the eligibility
54 of the applicant to receive such grants pursuant to regulations provided.

55

56 (c) The Massachusetts Department of Elementary and Secondary Education may adopt such
57 regulations as may be necessary in implementing sections above, inclusive.

58 (d) The Commissioner of Education shall establish a procedure for monitoring compliance by
59 boards of education, the regional vocational-technical school system, or governing authorities
60 with certifications submitted in accordance with this act and may adjust grant amounts pursuant
61 to (a) of this section based on failure to comply with said certification.
