18

Approval shall also mean the subdivision zoning freeze provisions of section 6 of chapter 40A.

19 “Development” means the division of a parcel of land into two or more parcels, the construction,
20 reconstruction, conversion, structural alteration, relocation or enlargement of any building or other
21 structure or facility, or of any grading, soil removal or relocation, excavation or landfill or any use or
22 change in the use of any building or other structure or land or extension of the use of land.

23 “Tolling Period” means the period beginning January 1, 2008 and continuing through January 1,
24 2010.

25 Section 3. Suspension of Permit Term.

26 a. For any Approval in effect or existence during the Tolling Period, in addition to the lawful term
27 of the Permit, said Approval shall be extended for a period of two years.

28 b. Nothing in this Act shall be deemed to extend or purport to extend:

29 1. any permit or approval issued by the government of the United States or any agency or
30 instrumentality thereof, or to any permit or approval by whatever authority issued of which the
31 duration of effect or the date or terms of its expiration are specified or determined by or pursuant
32 to law or regulation of the federal government or any of its agencies or instrumentalities.

33 2. any administrative consent order issued by the Massachusetts Department of

37 when that specific permit or approval contains language authorizing the modification or revocation of
38 the permit or approval by the department.

39 d. In the event that any Approval tolled pursuant to this Act is based upon the connection to a
40 sanitary sewer system, the Approval’s extension shall be contingent upon the availability of sufficient
41 capacity, on the part of the treatment facility, to accommodate the development whose approval has
42 been extended. If sufficient capacity is not available, those permit holders whose approvals have been
43 extended shall have priority with regard to the further allocation of gallonage over those approval
44 holders who have not received approval of a hookup prior to the date of enactment of this Act. Priority
45 regarding the distribution of further gallonage to any permit holder who has received the extension of
46 an approval pursuant to this Act shall be allocated in order of the granting of the original approval of the
47 connection.

48 e. Nothing in this Act shall be construed or implemented in such a way as to modify any
49 requirement of law that is necessary to retain federal delegation to, or assumption by, the State of the
50 authority to implement a federal law or program.

51 Section 4. Effective Date.

52 This Act shall take effect immediately.
