### AN ACT RELATIVE TO VOLUNTEER DENTISTRY.

*Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:*

1 SECTION 1. Said chapter 112 is hereby further amended by inserting after section 45A, as so appearing,  
2 the following section: -

3 Section 45B. (a) The board may grant or renew a certificate of registration without payment of a  
4 fee to a dentist qualified for registration or renewal of the same under this chapter; provided, that the  
5 dentist has agreed to restrict his practice to that of a volunteer practitioner in a specified free care  
6 program operated by a nonprofit organization. The scope of practice of a dentist whose certificate of  
7 registration is granted or renewed pursuant to this section may be restricted as the board may provide  
8 by regulation.

9 (b) In order to qualify for a license for volunteer practice, an applicant shall meet the  
10 requirements for a regular license under this chapter, in addition to the requirements set forth below.  
11 An applicant shall submit to the board a completed application on a form prescribed by the board and

12 any additional information that the board requests. An applicant shall agree to the conditions on  
13 practice promulgated by the board.

14 (c) The board's application form for a license for volunteer practice shall include a request for  
15 the following information:

16 (1) a written statement from the applicant outlining the scope and duration of services to be  
17 provided by the applicant;

18 (2) a written statement from the director of the applicant's proposed work site outlining the  
19 scope and duration of the applicant's responsibilities; and

20 (3) evidence satisfactory to the board that, in the proposed work site, the volunteer dentist  
21 will be serving without compensation and providing free dental care to a low-income community, or a  
22 community with limited access to dental care.

23 (d) If an applicant has met all of the requirements of this section to the satisfaction of the board, the  
24 applicant shall be granted a license for volunteer practice and entitled to a certificate of registration  
25 signed by the chairman and the secretary of the board. A licensee engaged in volunteer practice may  
26 practice dentistry only at a work site approved in conjunction with his license application; shall be  
27 subject to the same conditions and responsibilities as a regular licensee; and may not accept any  
28 compensation for the practice of dental medicine.

29

30 SECTION 2. The board of registration in dentistry shall promulgate regulations to carry out  
31 section 2 not later than 3 months following the effective date of this act.

32

33           SECTION 3. The commissioner of public health, or his designee, shall study the impact of the  
34 Federal Volunteer Protection Act of 1997 and the Free Clinics Federal Tort Claims Act Medical  
35 Malpractice Program on health care volunteers in the commonwealth. The commissioner shall review  
36 ways in which the commonwealth may act to provide legal counsel and defense to volunteers who may  
37 be eligible for the protections afforded in the Volunteer Protection Act of 1997 or the Free Clinics  
38 Federal Tort Claims Act Medical Malpractice Program. The commissioner shall report the results of the  
39 review by filing the same with the joint committee on health care, together with recommendation for  
40 legislation, if any, by December 31, 2007.
