29 or resident may exhibit violent behavior; working in areas with known security problems and
30 working with a staffing pattern insufficient to address foreseeable risk factors.

31

32 (c) Based on the findings of the risk assessment, the health care employer shall develop
33 and implement a program to minimize the danger of workplace violence to employees, which
34 shall include appropriate employee training and a system for the ongoing reporting and

58

59 (f) Any health care employer who violates any rule, regulation or requirement made by
60 the department under authority hereof shall be punished by a fine of not more than two thousand

64 violation occurs and shall promptly notify the attorney general in writing of such complaint. The
65 attorney general, upon determination that there is a violation of any workplace standard relative
66 to the protection of the occupational health and safety of employees or of any standard of
67 requirement of licensure, may order any work site to be closed by way of the issuance of a cease
68 and desist order enforceable in the appropriate courts of the commonwealth.

69

70 (g) No employee shall be penalized by a health care employer in any way as a result of
